

Dear Alpine Academy families,

Welcome to Seesaw, the way in which Alpine Academy's teachers and families communicate.

Getting Going

This note is just a start. After you have dipped your feet in the water, please ask for help. We can show you how to login, see pictures, read and respond to messages and much more.

How to See Seesaw in Another Language

Go to "View Translation" and click on your preferred language.

Adding Other Family Members to Seesaw

We can give other family members such as grandparents and nannies access to your child's Seesaw account. Usually, we set it up so they see only the photos and videos, and not the private messages about your child's progress. If this interests you, please talk to your child's teacher.

Class Activities

We love to send pictures of class activities with the goal of triggering dinner-time discussion. These pictures may showcase your child or other children, but they will give you the gist of what we're doing at school.

Your Child's Progress

We may also use Seesaw to share your child's progress. We may send pictures, videos, checklists and messages.

Download Photos

You may download photos, videos and your child's folders anytime.

Schoolwide Info

Occasionally, The teachers may send info through Seesaw about a schoolwide topic such as End-of-the-Year Picnic. To be sure you receive ALL schoolwide information, please check the emails from the office.

Remember

Save your Seesaw login and password. We don't know them and can't retrieve them for you.
